College Policies

Students are protected by and responsible for the policies which are detailed in the Co-Lin Student Handbook. A digital version of the Handbook is available on the [Publications and Policies page](#).

Plagiarism/Cheating

Plagiarism is the presenting of words or ideas of others without giving proper credit. In addition to being a violation of the student code of conduct, plagiarism is both unethical and illegal. When a student puts his name on a piece of writing, the reader assumes that student is responsible for the information, wording, and organization. A writer cannot copy direct quotations without providing quotation marks and without acknowledging the source. Paraphrasing material or using an original idea that is not properly introduced is the most common type of plagiarism. The college prohibits dishonesty such as cheating, plagiarism or knowingly furnishing false information to the officials or faculty of the college or their representatives. Cheating is subject to consequences stated in the instructor's syllabus and the Disciplinary Sanctions section of the Student Handbook:

1. First offense - grade of "0" for the assignment and the documents should be forwarded to the appropriate Dean/Vice President where the student will be placed on instructional/disciplinary probation.
2. Second offense - documentation should be forwarded to the appropriate Dean/ Vice President. The student will be administratively withdrawn from the course for that semester in cases of a repeat offense in that course.
3. Third offense - student will be referred to the Dean of Students/Vice President for appropriate action, up to dismissal from the college.

Using an electronic device or other material without permission during an exam will be considered cheating regardless of intent. Other forms of cheating will include but are not limited to: having information available in any non-approved form, such as papers, books, notes, materials hidden in apparel, written on self or desks, tabbing out to another computer screens, looking at other students' work, communicating with other students in any manner.

Course Attendance

Attendance in an online course is defined as active participation. Each week, I will post assignments that you will be responsible for completing by the due date in order to be counted as present. You should be logging into Canvas at least three times a week to view assignments, presentations, contribute to

discussions, post questions, etc. Activities and assignments will be posted in advance, providing ample time for completion. Please plan your schedule accordingly.

- A “no-show” is someone who has not participated at all. To prevent being turned in as a “no-show” for a 15-week course, you must login and submit at least one assignment within the first two weeks of the term. To prevent being turned in as a “no-show” for an 8-week course, you must login and submit at least one assignment within the first week of the term. To prevent being turned in as a “no-show” for a 4-week course, you must login and submit at least one assignment within the first 3 days of the term.
- A “cut-out” is someone who stops participating in the course. Your instructor will submit you as a “cut-out” after 3 recorded absences for 15-week courses or after 2 recorded absences if it is a 4- or 8-week course.

LENGTH OF COURSE	MAXIMUM ABSENCES	INSTRUCTOR CUT-OUT PROCESSED
15 WEEK	2	3 RD
8 WEEK	1	2 ND
4 WEEK	1	2 ND

If you are cut out of a course for excessive absences, you may complete a [Request for Reinstatement](#) within seven days of the cut out. Reinstatements are evaluated based on the amount of missing work and the student’s ability to successfully complete the course.

Dropping a Course

Any course that is dropped prior to the official withdrawal date will constitute a “W”. The grade “W” is not used in computing grade point average. Please note that withdrawing from an online course does not remove your responsibility to pay for the course. Title IX Syllabus Statement

Co-Lin is committed to complying with Title IX, a federal law that prohibits discrimination, including violence and harassment, based on sex. This means that Co-Lin's educational programs and activities must be free from sex discrimination, sexual harassment, and other forms of sexual misconduct. If you or someone you know has experienced sex discrimination, sexual violence and/or harassment by any member of the Co-Lin community, you are encouraged to report the conduct to **Co-Lin's Title IX Coordinator at 601-643-8411 or by e-mail to compliance@colin.edu**.

As the instructor for this course, I have a mandatory duty to report to the college any information I receive about possible sexual misconduct. This includes information shared in class discussions or assignments, as well as information shared in conversations outside class. The purpose of reporting is to allow Co-Lin to take steps to ensure a safe learning environment for all. Co-Lin also has confidential resources available, who can provide assistance to those who have experienced sexual misconduct without triggering a mandatory reporting duty.

Online Etiquette

It is important to build a class climate that is welcoming and safe for everyone. Please display respect for everyone in the class. You should avoid any negative language that may exclude members of our campus and community.

- Humor and sarcasm don't translate very well when using email or online discussions. Be careful. I **will delete** any posting that I believe is inappropriate.
- Keep in mind that there is a real, live human being with feelings on the other end of your email or discussion posting—if you were sitting in front of that person, would you say to his/her face what you are saying in your email or discussion posting? Remember that your words are written in an email or discussion posting, and you cannot take them back.
- Avoid offensive language, especially comments that might be construed as racist or sexist.
- Remember that the law still applies in cyberspace. Do not commit illegal acts online, such as libeling or slandering others, and do not joke about committing illegal acts.
- Do not post a message more than once.
- Generally speaking, avoid putting words into full capitals. Online, all-caps is considered SHOUTING.
- If you are following up a previous message or posting, summarize that message or posting. Read existing follow-up postings and do not repeat what has already been written.
- Reveal only information that you are comfortable sharing.
