Courses utilizing an **electronic textbook (eBook)** have course materials and some other online resources (such as access codes) delivered through **RedShelf** in Canvas. RedShelf is an internet browser based platform that requires no additional accounts or downloads. Students can elect to take offline or print a portion of their book (the amount is set by each book's publisher) through the RedShelf platform. The cloud-based reader offers several features including: highlighting text, sharing highlights with classmates, creating study flash cards, keyword searches, read aloud text, printing, reading offline, defining words, building study guides, etc.

RedShelf's website and eReader are built to be compliant with the Americans with Disabilities Act (ADA), Section 508 of the Rehabilitation Act, and the Web Content Accessibility Guidelines (WCAG) 2.0.

Minimum technology requirements for accessing materials via RedShelf include:

- An internet connection.
- Apple devices must be running iOS 10+.
- Kindles must have a browser to support the platform.
- For intense study sessions, RedShelf recommends laptops and desktops. These devices allow for the best highlighting and note-taking experience.
- RedShelf recommends using the latest version of modern browsers (Chrome, Safari, Firefox) available on your device to avoid usability errors related to browser configurations.
- Internet Explorer is no longer supported by Microsoft and is not recommended.
- If you are working on hardware that doesn't allow installations of Chrome, try Chrome Portable / Chromium, which allows installation on a USB stick.

STUDENT RESPONSIBILITIES: It is the student's responsibility to engage in actions that will assist in the successful completion of this course. Actions that will help a student's success in this class include, but are not limited to the following: reading and studying the assigned text, participating in class activities, requesting additional help when needed, and completing all assignments on time.

Meridian Community College instructors have the right, but not the obligation, to drop an excessively absent student from a class at any time during the semester. **“Excessive absenteeism” in this on-line course means more than two weeks of inactivity in a semester.** Attendance will be taken weekly in this online class. Attendance will be based on the successful completion of a weekly assignment as listed in the course outline below. Failure to complete an assignment will constitute an absence for the week. **Therefore, unless the student has communicated with the instructor regarding absences and attendance, the student will be dropped upon the receipt of the third weekly absence from the class.**

MAKE-UP WORK AND EXAMS:

There will be four chapter tests and a comprehensive final exam in this course. Two of the chapter tests will be given as **proctored exams**, which may be taken at any approved MSVCC proctor sites. The tests will be available only for a given time (see course outline for deadlines). There are no make-up exams for chapter tests and no exemptions from the final. You should be sure to take the tests before the scheduled deadline. See below for more detail on tests.

All homework and other assignments are given a definite deadline for completion. Work will not be accepted late for these assignments. **You may work ahead, but you should not let yourself get behind.** If you have any questions concerning the due date or availability of any homework or tests, please contact your instructor.

FINAL GRADE DETERMINATION:

Homework (15%):

The completion of homework assignments for this course is critical to your success. These assignments reinforce material covered in the course and serve as an excellent review and study tool for exams.

All homework must be submitted through CengageNOW, which is an online homework and testing tool. You should access CengageNOW through Canvas Modules. Go to Canvas modules and **click on the link** in the CengageNOW module labeled **ACC 2223_8A2_Fall 2020**. If you do not already have a CengageNOW account, you will be prompted to create one with a unique username/email and password that you choose. Once you have created your account, you will have access to the site. For questions, contact your instructor.

In order to receive full credit for homework assignments, you must complete the assignment by the due date and achieve a score of at least 80% on each assignment. If you do not score 80% or greater on each assignment, you will be given the grade received. The homework exercises will be graded based on attempt of all assigned exercises through CengageNOW. In other words, if you attempt all exercises within the specified time (refer to course outline) and you receive a score of at least 80% on each exercise or problem, you will receive full credit for completing homework. Please note that you may attempt each exercise or problem multiple times in order to achieve at least 80%.

Due dates for these assignments will be posted in the CengageNOW site, as well as in the course outline in this syllabus. Once the due date has passed, homework assignments will be reopened for review prior to the test on the related material. Any assignments not completed by the due date may be completed prior to the test for a maximum score of 80. All homework assignments must be completed and submitted before taking the test on the applicable materials. **No homework will be accepted after the exam on the related chapters, however you will be allowed one drop homework grade during the semester.**

Discussion Forums (5%):

There will be weekly discussion forums. You will receive credit for posting to each discussion.

Special Projects (5%):

There will be special projects announced and assigned during the semester. More details will be posted in Canvas.

Chapter Tests (60%):

There will be four chapter tests administered during the semester as follows:

- *Test 1 - Chapters 12 (obj. 1 & 2 only) and 13*
- *Test 2 - Chapters 14, 16 (obj. 1 & 2 only) and 17(proctored)*

- *Test 3 – Chapters 18, 19 & 20*
- *Test 4 – Chapters 21 and 26 (proctored)*

Please refer to the course outline for the test deadlines. Tests will be made available at least one week prior to the deadline. A test may be taken before the deadline, but tests cannot be made up once the deadline to take the test has passed. Students are expected to take tests within the assigned time. All tests will be accessed through **CengageNOW** at the same location as your homework.

Please note that **two** of the chapter tests will be given as **PROCTORED** exams. You will need to be sure to **schedule a time** to take the exam **well in advance of the deadline** for submission. You must make your appointment through the Proctoring link in Canvas. There is no additional cost to take the test as long as you test at an approved site. However, if you are unable to test at a testing center, you may take the proctored exam via Proctor-U at your own expense. You must have an approved proctored site before taking the exam. If you have any questions about these exams, please contact your instructor.

There are **no make-up exams**. Students will be given one drop grade for chapter tests during the semester. The lowest test score will be eliminated IF you take all exams. If you fail to take a test by the deadline, a zero will be recorded for the missed test and will be used as your drop grade. In the event that more than one exam is missed, the additional exam(s) missed will be recorded as a zero.

If you are taking a non-proctored test and you have technical difficulties while taking the test, please contact your instructor. **You will only be allowed a second attempt on the test if you communicate immediately with your instructor AND take the second attempt as a proctored exam.**

NOTE: For all exams, students are allowed to create one 5x8 index card per chapter with notes or examples as a reference for the exam. You decide what information you want to include. There are no restrictions except the content must fit on a 5x8 index card (front and back). All index cards created for the semester will be allowed on the final exam.

Final Exam (15%):

The final exam for this course will be comprehensive and will cover theory and terminology from the course, as well as some questions about the rules of debit and credit from Accounting I. There is a study guide posted in Canvas modules. There will not be any exemptions from this exam.

Please note the final exam is NOT a proctored exam, but will be a timed exam with only one attempt allowed.
