

# Call for Proposal

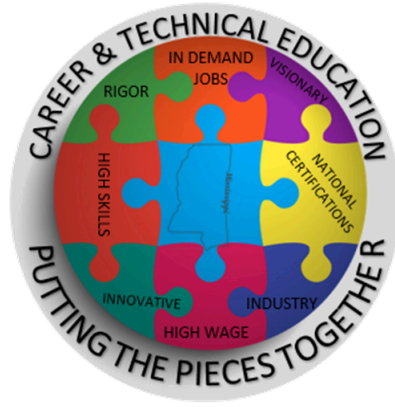

## Mississippi Community College Board 2026 Career and Technical Education and Workforce Conference

### Request for Proposals (RFPs)

**July 22-24, 2026**

**Tupelo, MS**

Thank you for your interest in presenting at the 2026 Career and Technical Education and Workforce Conference! This conference is the premier annual gathering of the Mississippi workforce and career & technical education professionals in an exciting educational and informative setting. Submission Deadline: All proposals must be submitted by Wednesday, February 25, 2026. Any proposal submitted after the deadline will **not** be considered.

**Purpose:** The Office of Career Technical Education is seeking proposals for workshops to be presented at its 2026 Career and Technical Education and Workforce Conference to be held July 22-24, 2026, at Cadence Arena and Convention Center in Tupelo, MS . This is a competitive process. The conference review committee will select workshops that best satisfy the criteria specified below. Please read the information for this request for the workshop proposal (RFP) process thoroughly as it provides important information and instructions for submitting workshop proposals.

**OVERVIEW:** The Mississippi Community College Board 2026 Career and Technical Education and Workforce Conference is a professional training conference. It is an opportunity for people from a variety of workforce and community college career & technical education backgrounds to come together and explore strategies to elevate and positively impact Mississippi's human capital. Our goal is to provide a wide range of workshops on a variety of relevant and engaging topics such as education, workforce, leadership, and technology. We encourage proposals that address the needs of a wide range of practitioners and stakeholders and offer innovative practices and concepts.

### **Requirement for Presenting/Registration Fees**

#### **Presentation length:**

**All breakout sessions are 55 minutes.** Since the time slots are short, please make sure your information is brief and gives attendees something they can take away from the presentation and implement immediately. Audience size may vary.

**CONFERENCE AUDIENCE:** The Mississippi Community College Board 2026 Career and Technical Education and Workforce Conference is a professional training conference. On average, the conference welcomes 600+ attendees. Attendees to the conference generally include postsecondary career & technical educators, workforce directors, and community college administrators.

Attendees represent a range of professional backgrounds and experiences relevant to educating students enrolled in the community college system.

**GENERAL WORKSHOP INFORMATION:** The committee seeks presentations that provide actionable information focused on educational advancement, career paths, leadership, technology in the classroom, student retention, and workforce development. Proposals

should enhance attendees' professional development and provide avenues for implementation in their colleges and communities.

Preference will be given to workshop topics that provide expertise regarding practices focused on career and technical education and Workforce. Subjects of interest include but are not limited to Career and Technical Education, Workforce, Student Engagement, Digital Platforms, App Development, Current Trends in Post Secondary Education, Best Practices, Diversity, Carl D. Perkins Act, AI and VR, Business and Industry Current Trends, Workforce Development Trends, SACSCOC updates, Dual Credit, Effective Collaboration between Business and Industry, and Legislative Impact.

### **WORKSHOP ELEMENTS AND EVALUATION CRITERIA:**

Please note the following criteria as you prepare your proposal. The selection committee will evaluate each element during the workshop selection process. Workshop proposals should meet the following criteria:

- Presentations must be 55 minutes.
- Proposals should include a clear and compelling title and description.
- Presentation should identify three (3) learning objectives/goals of the workshop.
- Proposals should offer innovative concepts or introduce new information based on best practices or specialized expertise. Describe how these will be presented to provide participants with opportunities to apply innovative concepts or continue learning beyond the conference.
- Proposals should describe the learning format to be used to deliver the presentation (i.e. lecture, case study, interactive/participatory, problem-solving/work groups, roundtable, panel, etc.). Preference will be given to presentations with interactive/engaging learning features which encourage active learning. Presentations should also permit time for questions and answers from participants. [Provide as much detail as possible about the format. For instance, the number of panelists and the disciplines represented; work group activities; use of polls, handouts, interactive games or web programs, etc.]
- Include practical tools, examples, data, or demonstrate to attendees the efficacy of the innovation or the soundness of the research. Describe how the workshop will offer actionable steps or tools that colleges or businesses can immediately implement; or provide information on where attendees can go to learn more.
- Presentation should NOT be an advertisement or sales presentation. We ask that presenters limit self-promotion of themselves and their organizations to introductions and offering contact information. Presenters shall not directly solicit attendees. Contact conference organizers for more information.
- Presenters should offer additional resources. While optional, presenters are encouraged to submit handouts with references for additional resources, research/education, fact sheets, implementation tips, or other guidance. We **do not** provide copies for distribution during workshops.
- Presenters shall submit a copy of the presentation to the Office of Career Technical Education prior to the conference. Sensitive, confidential, or proprietary content

may be omitted or redacted. Contact conference organizers for questions or more information.

The Cadence Arena and Convention Center will provide a screen, projector, and A/V equipment (speakers and microphones) in each room. Presenters are responsible for all other equipment such as laptops, charging cords, VGA adapters, etc. We will provide an easel board with paper and markers upon request.

The Mississippi Community College Board **will not** photocopy materials for workshop activities or breakout sessions. Presenter(s) must provide any printed handouts or materials to be used during the workshop. Presenters will be required to submit all workshop materials prior to the conference via email.

### **REQUIREMENTS FOR SPEAKERS:**

Once notified, the presenter(s) must provide the following in a timely manner:

- 1) Final title and complete workshop description. Please review the final submissions closely and edit for proper punctuation and grammar.
- 2) Your Workshop learning objectives
- 3) Professional bio (required for each presenter)
- 4) Headshot Photo (professional photo preferred)
- 5) Presentation slides (formatted as PDF) and/or additional handout(s) to be shared electronically with conference attendees. If copyrighted information is contained in a presentation or supplemental materials, it is the presenter's responsibility to cite the proper source.
- 6) Presenters **MUST** submit a copy of the presentation slide deck by the given deadline prior to the conference. Sensitive, confidential, or proprietary content may be omitted or redacted. Contact conference organizers for questions or more information.

**Presenters agree to respond promptly to requests from the Mississippi Community College Board regarding documentation, special needs requests, or other requirements prior to the conference.**

### **PROPOSAL CONTENT OVERVIEW:**

All proposals must be submitted online through the RFP submission form. To help you prepare, all of the information requested in the proposal form is listed below. If you wish to submit more than one workshop proposal, please complete a separate form for each workshop.

### **REQUESTED WORKSHOP INFORMATION**

- Workshop title
- Workshop description/summary (200 word limit)

- What is the main goal of this workshop? How does the information in this workshop apply in practical settings to Workforce and Career & Technical Education? (200 word limit)
